Rotary's strategic plan!

After an extensive review, including a survey of 14,000 Rotarians worldwide, Rotary International has revised its strategic plan, effective 1 July.

The RI Board hopes the plan will encourage membership growth, including more diverse clubs that reflect the demographics of the local business community, along with strong recruitment and retention efforts. The plan also includes a goal to increase sustainable service focused on youth programs around the world. We hope to create a link to the plan from our website.
