### *Important News etc.:*

For 2009 – 2010 RI President John Kenny has as his theme “The Future of Rotary is in our Hands”. He believes that the future of Rotary will not be shaped at RI headquarters in Evanston – it will be shaped in each and every Rotary Club. “In Rotary everything begins and everything ends with our Clubs”.

However John Kenny also reminds us that it is the service that we give as individual Rotarians as members of our Clubs and the ideas and enthusiasm that we have as individual Rotarians that will ensure that Rotary progresses in its second century of service and into the next. “Our future is our responsibility”.

# RAWCS NATIONAL NEWS

Editorial comment to PDG Michael Perkins. email [Imperkins@bigpond.com](mailto:Imperkins@bigpond.com)

**JULY 2009**

This is the first National RAWCS Newsletter. With news updates on RAWCS activities and projects .

## From The Chairman Our Stakeholders

As we near the reporting season once again and ask for the annual reports from all groups, we should take a moment to reflect on who are the real beneficiaries of our success as an organisation.

These reports will reveal an expanding organisation, new international projects and leading edge activities. They will record the commitment of many volunteers giving of their most precious gifts, their time and their talents. When asked to identify the beneficiaries, most people will say quickly that it is the children of the world, the people in the developing countries or our neighbourhood communities. And they would be right.

But there is another group and that is the Rotary volunteers.

We are all grateful for the opportunity to be involved in something as meaningful as World Community Service.

We are the ones who enjoy the enormous sense of achievement in the knowledge that we are making a difference in the developing world. Having this opportunity is important to us. We need meaningful activities to be healthy almost as much as we need food. Not having these activities would mean that many of us would suffer from needless drudgery and boredom. A wise philosopher once said "He who does not live in some degree for others, hardly lives for himself"

So when the annual reports are compiled let us all remember that we are also stakeholders and that we all find the time to do what we really want to do.
